

Daniel James Owens

January 18, 1985 - July 4, 2020

Daniel Owens, 35, of Barnsdall, OK, departed from this life Saturday July 4th, 2020, from injuries sustained in a tragic motorcycle accident, he was able to donate his kidneys giving the gift of life. Daniel was born January 1985 in Bartlesville, OK, to Harry and Claudette Owens. He was the second of four children, oldest son. He has worked as a laborer for Gruenwald Concrete, Titled mechanic for Clifty pipeline, and machine metal shops.

Daniel enjoyed spending time with family and friends. He enjoyed time at the lake, hanging out, working on vehicles and driving them. He was a lot like his dad in many ways. Fast cars, fast bikes, and playing slots in the casino as well as on his phone. Like his dad he could see good in almost everyone he met. He lived life to the fullest. In 2019 Daniel rode his dad's motorcycle to Sturgis, the Black Hills, and Rocky Mountains, something that dad had always wanted to do, but his motorcycle made it.

He leaves behind his mother Claudette Owens, three siblings and their spouses; Crystal and Jason McNulty of Tulsa, Bruce and Kelly Owens of Barnsdall, Samantha and Chris Taggart of Bartlesville. He also leaves behind three biological children; Marley, Mali, and Titan. Nieces and nephews; Kylee, Liston, Zaylee, Frankii, Thomas, Dagen, and Annaleigh. His girlfriend Brittany Wallace. Many family members, too many to list, as well as many friends like family.

Remember: Never blame anyone in your life. The good people give you happiness. The bad people give you experience. The worst people give you a lesson. The best people give you memories.

Memorial services will be Thursday, July 9th at 1pm at Lighthouse Family Worship Center located hwy 11 and hwy 123 in Barnsdall OK. Graveside will be at the new cemetery on the east side of hwy 11. Dinner to follow for the family and friends.
