“ Our Mom and Dad worked so that left me and Jimmy with nothing to do, but fight. All day. On this particular day, he was hitting me with the chain that holds the curtains back. He was chasing me through the trailer and I got stuck in the living room chair. Self defense was my first thought, so I kicked him in his jewels and he fell on the floor with a seizure,!, The first thing he said to me when he came around was, don't tell momma! Needless to say my mom had no clue that something had happened! We did some stupid shit all the time. I will miss him.when I needed anything, if he had it, I had it. Thank you to the people that is we used to fight like cats and dogs but he knew we loved him. I can hear him now, what's all the fuss? He would appreciate the out pouring of love.
