“ I am very saddened by Lucy's passing . She was like a little sister to me. When I was a sophomore in high school in Lake Forest, Illinois, my father passed away and my step mother threw me out of the house The Hamilton family took me and treated me like part of the family. Her brother, Bus, was a good friend of mine, tbe whole family was very good to me. My sympathies to the family.

“ My condolences to family and friends. I met Lucy in Texas at the boarding stables where we kept our horses. We enjoyed many good times and laughter together She was an intelligent, fun, and kind person. She enjoyed having a 4th of July catered party for her friends and family. In the evening, we would watch the beautiful display of fireworks the town would shoot off nearby. We had lost touch when Lucy moved to another state, but I have not lost wonderful memories. God bless Lucy and family.

“ Lucy was a wonderful friend, and we got to know each other in Middle School when my friend Erwin McHendry was dating Lucy and I was dating Nancy Harrison, Lucy's friend.

The four of us usually ended up meeting at her home on Ridge Rd, or at my home, on 1500 S Telegraph Rd, both places were kind of hangouts. Down in my basement we tried to hypnotize Lucy, and she played along, the good sport, and we thought we had succeeded but in hindsight I can still picture her slight grin as she tried to act in a trance. We laughed all the time, and she let me come over to her house and take out the horse, which she claimed was doing her a favor, but I was in awe of being able to do this. They had big house parties on Ridge, and we loved their house. The last time I saw Lucy was at the Lake Forest Day South Park organized by Biff, and I told Lucy how much I liked her back then and she said the same about me. What a nice person, I miss her, such a blessing to have known Lucy.

“ Lucy was a wonderful person and a childhood friend. She would occasionally ride her horse over to my house while bringing an extra horse (Martini) for me. We would spend the day riding and usually ended up in her stables where she showed me how to groom the horses at the end of the day. She was always full excitement and a joy to be around. I'm truly saddened to learn of her loss. She was wonderful.

“ So sad to hear this. I spent many a youthful day with Lucy sharing our love of horses. We had our own little horse shows at their house on Ridge Road and I probably still have the ribbons we made. Wonderful memories of a wonderful girl. My condolences to Buzz and the family. Sincerely, Abby (Tuttle) Dix

“ I will always remember Lucy with a smile on my face! She was a very sweet and kind person that was full of spunk too. We would ride her horses in the fields with the wind blowing in our hair while collecting burrs on every bit of clothing that we wore. Oh the fun we had. She loved animals and would spend hours caring for and training them. My favorite memory was riding to Country Corners and somehow the horses accidentally (with a bit of ten year old persuasion)got into the produce department thru the side door and the chaos that it caused. She will be missed and not forgotten. Laura Peddle Hansen

“ Dear Lucy, my beloved and beautiful older cousin, when we were children I so looked up to you, and so wanted to be with you. Thank you, for the childhood memories, of time together in your home and at Granny's. And thank you, for the beautiful puppy poodle, Beau, that you and your mom bred and raised, and picked to give to Julie and me and our family. I wish things had been easier and happier for you, and I am sorry we didn't have a chance to spend more time together. Wishing you love and peace, and wishing this for your children. Peter W
