“ Butch taught me as much as anyone about a vehicle. And how to make conversation with anyone anywhere. I wish I could've seen him after I stopped working at United. He'll be missed by all that knew him.

“ I had the pleasure of working with Butch at United Utilities he was a hard working man a great mechanic. He explained things to us whether we wanted to know it or not because he said he wouldn't be able to hold our hands forever . He was always willing to help no matter what time of the day it was or what day of the week it was he was just ready to help. Glad I got to know him and work with him he was one of kind . Sorry for your loss he was a great man.

“ Butch worked for us for years as a mechanic at United utility specialist and he's always been a great friend . Even after he retired with us he still would call and come out and shoot the crap with us and tell his stories and we loved him. I have many pictures of him . We were on our way to colorado one year and we had vehicle trouble and was maybe an hour out of town here at 4 am and he came and fixed our problem . We have been by his house several times over the last couple of months and no answer to the door , tried to call his family but unable to connect , butch knows we would of cane if we'd known where he was . rest well butch your in good hands and glad to of known you
