“ Such a sad and tragic loss! Tony was a rock; you could always count on him to solve the most challenging issues at work; often when someone was fighting a key deadline. While his family always came first, Tony would find time on his days off, weekends and after hours to help one of our global customers get their critical reports completed. He was gifted technically and wonderful to work with. I had the pleasure to work with Tony for over a dozen years and enjoyed sharing stories of our families and hobbies. He will be greatly missed.

May God continue to flood your hearts with good memories and the promise that one day you will reunite and what a day of rejoicing that will be. Gone too soon, but never forgotten. Take care and let me know if you need anything.

“ I've known Tony for a long time. We shared many of the same passions. Anything to do with cars, car performance, Car stereos (Alpine), etc. He always had some project going on, and if our group of friends had a project, he was right there in the middle of it. Always willing to lend a hand or use his shop and tools. I always enjoyed our conversations and getting to see all the toys that he had. Just like everyone else has said, Tony always had a smile on his face. I will miss his friendship and his generosity. I can't wait to see what project he has going on when we meet again in heaven. Prayers to his family and to anyone else grieving this loss.
