“ *Miss Molz was my 3rd grade teacher in 1964. When I started 3rd grade I still could not read. I wasn't doing well in any subject. Previous teachers told my parents that I wasn't very smart. Miss Molz knew better. She told me that she was confident that she could help me. She literally turned my life around. I did learn to read and I became a very successful student. I graduated top of my class in high school, college and law school. I have always been grateful for Miss Molz. I can't imagine what my life would have been like if I had not walked into class in 1964.*

“ *I remember Miss Molz very well. I was in her 3rd grade class in 1958. I learned so much that year. Today, I am a 3rd grade teacher and I believe she had a profound influence on me as a teacher. My condolences to her family and friends I know she will be greatly missed.*

“ Miss Molz was my third-grade teacher in 1974. She was very patient and kind. What I remember most is that every day she led the class in reciting the 23rd Psalm. May her family and friends take comfort in knowing that now she "shall dwell in the house of the LORD forever."
