“ Alicia was one of the kindness people I ever knew. I worked with her for many years at Jane Phillips. Later years we walked together in our neighborhood. Life got in the way and we sadly lost touch. So sorry to hear of her passing. She was a blessing on earth. Susan Huettenmueller

I just saw that she passed last year. I am so sad. I had no idea she died. So glad to see this. She was a very dedicated nurse and was my mentor to the information technology breakthrough. What a sad day for me. Hopefully, Steve is okay.

“ Alicia and I have been friends since 1986. That was when I began working in the JPH ER. She worked nights. Boy did we have some fun times on those night shifts. Alicia, Sarah Tackett and myself would be the only ones working a shift for awhile. As the ER became more busy they added employees. Alicia's mom is a great cook. Alicia though was a picky eater. So we would get to enjoy Darla's food that Alicia really did not like. We were always encouraging her to have mom make more food Alicia would not like very well. Haha. I can still remember stories of many patients we cared for. A lot of funny ones that helped us overcome the sad times that would occur. As you may know Alicia was a quiet serious person but we sure could get her out of her comfort zone. At times she sure thought Sarah and I were a little crazy. She did love her job. She was an excellent RN tolerating much that comes from working in an ER. I will miss my friend. Thankful for many memories we shared together.

I am excited about seeing her again as we both share eternity together with Jesus and many others. I have no doubt she has found all the animals and she and Jesus are enjoying them together. See you later my friend.

To her family, my prayers are with you as you celebrate Alicia's life. May God bless you with sweet memories, filling your hearts with joy and peace. Our God is able!!
