“ My heartfelt condolences to Avery's family and friends. The scripture in Psalms 51:17 comes to mind at this time. " A heart broken and crushed, O God, you will not reject." Please take that promise to heart and allow it to be a source of consolation.

“ *Avery Leigh came into this world on Sept 21 at 11:56a.m. She weighed 6lbs 3oz. The first thing I said as she was coming into this world was omg baby she's dark but as she came on out I then realized she was as white as paper but had a head full of dark hair. Avery was very beautiful and had her own look for the first month and as she started to grow n get a lil more filled out she looked just like her brother D'Mario. Avery loved to look around and even though she was so little she could move her head very well. She would just whip it and stare at everything. Avery didn't play when it came to feeding time and she made sure to let you know. We miss and love you Avery Leigh!!! Love mom and dad*
