“ My heart is broken and most being that we lost a quality human in Barry. If we had more people like him the world would be a much better place. His life is a wonderful example for many to follow and I love his sense of humor. He knew how to make hard situations better for me and laugh about them. I have lots of "old Metris" memories but our paths crossed again many years later when I moved to Nowata. We would see the family at church often and When our boys were younger he coached their first soccer team and My son went to hip hop at the studio. My son was quite a handful and when I wanted to just scream, he would always find a way to remind me how special he was and he was one of few that would encourage my son and help him to feel good. When most people where seeing the problem and complaining to me, Barry always found something funny to tell me. It paved a road for my son's love of soccer and plays competitive league that wouldn't have happened without Barry's influence. I hope Kristy can be at a place to read all the wonderful comments about him and heal from this. My heart aches more for her and the kids losing him. Prayers without ceasing as we all grieve and take comfort that we will all meet again. God's peace.

“ Words can not express our broken hearts. I know one thing for sure, my son entered the gates of Heaven on 3-6-17 at 12:21 pm. He was welcomed by Jesus open arms and so many family members. We are promised to see him again so we are holding to that truth and holding that for our comfort right now. I love you son. My heart is so full of memories that my head is reeling. Till I see you again. I love you !!!
