Miss Bertha was such a wonderful woman. She was witty, compassionate, stern when needed and yet, so laid back. One time when we were working together I called her a name that I had no idea was perceived to be racial. I certainly would've never done it in person, and not to Bertha by any means. She forgave me. I respected her so very much! To her family, I know this will be a difficult loss and know that you will be in prayers this day and in the days ahead. You were truly blessed to have her in your lives!
