“ *Always loved a visit with Uncle Gene, with great stories and many laughs. While I mourn, I also rejoice in knowing he is now pain free. Praying for V.R., Loetta & Ray, and the rest of the family, during this difficult week.*

“ *Loved seeing Uncle Gene as a kid. Listening to his wonderful stories and discussing how proud our family is of our Native American heritage was always the highlight of our visits. My brother and I thoroughly enjoyed working the horses with Gene and listening to the knowledge he had on their training and demeanor. Traveling to the race track to meet with him and watch Margaret Pearl and Chief Chiggy Bo were some of my fondest memories. Our thoughts and prayers are with the family in this difficult time.*

*Love Always,*

“Loved my Uncle Gene! He was the greatest story teller of life happenings of anyone I've ever known. Although the stories repeated often, he always made it as exciting as the first time. Uncle Gene loved his Indian heritage and inspired me to explore and follow my Indian blood. In later years during a particular visit, we sat looking at pictures of his race horses in the winner's circle. I felt like I was in the grandstand and the race had just finished as he told the stories with as much enthusiasm and pride as the day he was there. I'll miss this Indian, great story teller and man of pride and honor. Love you Uncle Gene.
