“ Friends since 4th grade. You always knew just what to say to make me smile. My girls and grandkids adored you. Even though you wasn't family by blood they considered you family as did I. You will be truly missed by everyone who knew you and who's path you crossed. RIP my Dear Dear Friend.

“ Carol and I were best friends in high school. Buddy was the protective and loving big brother. He looked after me as if I was his sister. He always wanted me to fry him french fries after school. We loved cheering our brother on in all of his games. He was a true man of God. May the Lord hold you in His arms. I now have two guardian angels. You are truly loved and will be greatly missed.

“ I remember when uncle buddy use to tell us them ghost stories about the old man on the boat in the swamp behind the old house. I remember playing basketball at my grandparents and him always knocking you over to get the ball in the hoop, but then always letting us win at the end. I will always remember you uncle buddy always no matter what.
