

Carl Gotcher

July 21, 1922 - August 20, 2012

Memorial services for Carl Gotcher, 90 of Ramona, Oklahoma will be held Thursday, September 13, 2012 at 10:00 a.m. at Peters-Stumpff Funeral Home Chapel. Interment in Ramona Cemetery is under the direction of Peters-Stumpff Funeral Home. Carl passed away on August 20, 2012 at his home in Ramona. He was born July 21, 1922 in Tulsa, Oklahoma to Harvey Andrew and Weltha (Wilkens) Gotcher. Carl spent his life working hard and succeeding in his endeavors. After being raised in West Tulsa, where the River West Festival Park now sits, he was a GI in WWII, serving at the Panama Canal. Working as a machinist for Power Machinery, Co. and later as an Engineer/Vice President of Dynmac Corp., he was regarded as an expert in the pipeline compressor and heat exchange field. Carl was the man wanted, to make certain the job was done right. Together with his wife Trudie, they raised their family in the Union area, before purchasing a pecan farm in Ramona, in 1964, and later retiring there, to turn his one-time hobby in to a life-long love affair with pecans. Hidden Valley Pecan Farm was their pride and joy. Carl's family meant everything to him. And, on his 90th birthday, a majority of his very large family, along with several friends, watched as he tandem skydived from 10,000 feet. He loved it and was ready to go again. His family will cherish that memory forever. Dad, Grandpa, Great-Grandpa, Great-Great-Grandpa were just a few of the many titles to a man loved, admired and respected by so many. He is survived by his children: Richard Gotcher and wife Nancy of Scottsdale, AZ; Rex Gotcher and wife Susan of Broken Arrow;

Pat Harris and husband Grant of Skiatook; Ann Marie Havrilla, 15 grandchildren, 39 great grandchildren, and 5 great-great-grandchildren. He was preceded in death by his parents, his wife Trudie and a son John Gotcher. In lieu of flowers donations can be made the Salvation Army in Tulsa. www.Peters-stumpff.com

“ *Had a lengthy conversation with Carl couple days after his jump. In politics today we hear: "I built that! or "Someone had to help you build that!". Doesn't matter which way your political weather vane turns, the fact is that the remaining 3rd generation of Dynmac/Power Machinery employees owe Carl for taking the time to give us the training, the knowledge and skills to survive and raise our families. I personally will be forever be indebted to this gentleman! My heartfelt condolences to the family.*

“ *So long, dad. We can't begin to say how much you meant to us. From the time you showed Nancy how to shoot fish, to when you leaped from an airplane at 10,000 feet, you have kept us grateful for your presence. The status of lives ebbs and flows. But your dedication to family and friends showed us all how best to contend with the world and make it a better place for continuing the family history. Again, so long. Take with you our eternal love and admiration. Love Forever, Nancy and Rick*

“ To Carl and Robin and the rest of the Gotcher family, I send my condolences..You've all had a rough summer with the passing of your Dad and now your Grandpa...but you also have a lot of good memories to help you deal with your losses...Hold each other close and take comfort in the fact that God said He wouldn't give you any more than you could bear, so to me that means you come from good family stock. Pass that onto your children and grandchildren, keep the legacy going. Love you both, Barbara

“ My grandfather was a great example of a self made man. I will try the rest of my life to live up to his legacy. It will be tough, but nothing worthwhile in life is easy. That is the main lesson he taught me.
