“ *Tana Sue, I met your Mom while a member of Fleur de Lis garden club more than 30 yrs ago. She loved our group & we loved her! She regretted when we closed our club. I met you, after hearing about you for years, at your Dads funeral. She adored you and all of the grandchildren! I told her at the funeral that I would take her to lunch one day soon. Guess I'll have to meet up with her in Heaven. God Bless you & your family* ❤️❤️❤️

“ *I knew Carol in school. She went a year to Ochelata and we rode the bus together. I never did see her in the same dress twice. She would make one and wear it the next day. My sympathy to the Family. She was a sweet person. Patsy Metzner*

“ Carol was a sweet and caring person. I loved spending time with her with the Green Thumb Garden Club activities. That is where I first met her. I remember her going on a garden club field trip to Tulsa Botanical Garden. It was a hot, sunny day. She bought a frog umbrella to shield herself from the sun and heat. I took a picture of her walking down one of the paths. It was such a cute picture of her with her frog umbrella and colorful shirt that I thought I would paint it someday. Now I definitely will try to paint her moment in the gardens. It will be a tribute to her. Patti Kerr
