I will miss him dearly and will never forget some of the things we laughed about like Chance always saying "I guarantold you"! He also loved coming up with great outfits for Halloween. This year he talked about being lil sweet off the diet Dr Pepper commercials and in his honor I plan to try and pull this costume off myself this year. “ I've known joe a long time. I do have a memory of chance I would like to share One day he was having a really bad day. He was headed to town and his truck quit in front of my house. He asked if I could help him. My husband was a truck driver at the time. I asked him what he thought was wrong and he said I think it's the battery. Back then I was scared to death of battery's because I had a friend many years ago that had had one blow up in his face. So I told chance. I had a battery jump box he could use. I handed it to him Told him take it and keep it til you get it fixed. I'm not needing it right now anyway. So he did About a week to 10 days passed and here was chance thanking me and returning it. My heart breaks for your family right now I will continue to send healing prayers to you

“ I remember Chance joining a band at an Earth Day celebration on the front steps of FKHS. He asked them if they knew "Beautiful People," and when they said they did not know all the words, he jumped right up! Always spontaneous, always funny. That is how I will always remember Chance.
