“ *I knew him all my life. I remember my dad Orville and him used to get into it over the phone when I was little. They always said they were going to whip each other. But my aunt and my mom Allen Mahan always calmed them down. After a while they got over it . I never knew what it was about but the memory of both are still with me and my aunt willie. They took care of my boys for me when they were very young. love to all my family I love you all so much. Prayers for you and the family*

I first met Charlie March 1968. I was 18 and just hired on to the Pawhuska Post Office. Charlie was given the impossible task of training me. His very first mistake was taking me home with him for lunch. There I met his wife Willa and her three children Delphinia, Martin and Jeanie. They accepted me like one of the family and soon I was eating half my meals there. For several years I was close to all of them and would stay there when on leave from the Navy. Charlie constantly accused me of always showing up at dinner time. I assured him that it was strictly coincidental. My wife and I continued to reconnect with him from time to time over the years. We were fortunate to see him only two weeks ago at which time we had a great visit. Both of our hearts pour out to the entire family at this time. I am going to miss you Pal.
