“ I have so many memories that to ask just too share one is impossible. I will continue to share my memories with anyone and everyone I meet so that those memories live even past me. Not only was you the best mother you could be but also became my best friend and for that I am beyond grateful. I love you and will miss you always.

“ I have so many memories that I will cherish the rest of my life and will pass down through the years so they live even past me. You have instilled loyalty, strength and compassion into me. Thank you for not only being the best mom you could be but also for becoming my best friend. I don't know what I am going to do without you or even how I am going to handle this pain but what I do know is you was a strong woman and because of that I know that I have to be as well. I love you and always will.

“ I was blessed to become a part of this family via their Mother Vada. She was one of my tenants and friends. We become prayer partners and one by one these girls accepted me into their circle of love and friendship. Connie loved joking and spending time with Tina and her grand kids. She was willing to help when there was a need but never liked others knowing it was from her. A very humble woman. She will be missed by all that knew her. Our thoughts and prayers go out to the family during this difficult time,
