“ *We lost a great one in Danny, thousands of stories to tell, I'll never
forget the wall of air bags at body shop. It seems when they went off
it'd leave the ladies makeup on them. You tried to guess whose it
was. RIP Mr Smith*

“ Danny was one of my true friends, from junior high school on. He was easy going, nonjudgmental, straightforward, and easy to like. I can never forget when he got the Hurst Olds in high school and he fixed it back to mint condition and he was more than proud of that car and we were always ready and often did join him for a ride. I think our ride to Tri County Tech one morning was the fastest I have ever been in a car, and he didn't even have the hood installed yet. Even though I moved out the area after college, I always looked him up when back in town and we would always share a beer together and catch up with each other's lives. I will miss him greatly!
