“ Mr. Tillotson was my basketball coach in 6th grade. I remember we had to practice to "I Shot the Sheriff " everyday. He was a good man, always smiling whenever I would see him around Del City. God bless you, Mr. T., and thank you for your service to our country and our little Townsend Elementary.

“ I remember starting out in fourth grade he was our basketball coach the first drill he started us on was to chew gum and dribble the ball at the same time never really understood why he wanted us to do that but as life went on i figured it was to be able to do more than obe thing at a time he was hard and tough but also taught to be tough

“ He was my basketball coach and he was tough. I will never forget the day when the news came he was going to be my sixth grade teacher 😳 I was beyond devastated, scared and cried like no other. I realized that his toughness was to cover that sweetness 🙏 He held us to expectations no other teacher or coach I have ever had did. He pushed for the best because he knew you could be the best. Big influence in my life and still carry his memories and stories to my kids today. One mention about a tough teacher or coach...and they get to hear about Mr T. God bless

“ I was privileged to have Mr. T as my math teacher at Townsend Elementary School. He was tough, but humorous a fine teacher and coach. Long into my adult years, I would see him at Don's Alley and he always had time to chat, such a wonderful man. I will always remember you Mr. T.

“*Mr. Tillotson*” was my basketball coach in elementary. He touched the lives of many a student and athlete. He put his heart and soul into what he did, and oh how he loved coaching and watching basketball. We will miss his presence in our city where everyone knew him; and he was always friendly and was happy to see you and chat. A part of Del City has gone with him. RIP Mr. Tillotson. We love you.

JM

Dan was a kind man!!!! I worked at Don's alley restaurant And he came in every day and everyone loved him. And if he was not going to come in the next day he would always let Tammy know so we would not worry about him. My wife Shannon loved him! Because he was such a good man. My wife had passed away 4years ago and I am sure she will be taken care of him when he gets to heaven.

Mr. Tillotson was my sixth grade teacher at Townsend. He changed my life by being the most influential teacher in my life. We studied out of high school text books and watched the latest educational programs on 16mm film that he personally rented on his own time. Some times he kept us in at recess for something stupid we did to explain that we were growing up and needed to not act like children anymore. In later years, we gathered with him for lunch at Don's to talk about those days and to let him know how much he meant to us. He did a lot for us and our class is still very close.

I do not think it is too strong to say that I loved Mr. Tillotson. He was my first adult that insisted I be the best I could. He had no doubts about my abilities, even if I did. He was my cheerleader! Mr. Tillotson was the prototype of "teacher." He was the very best.
