“ *David has been in my life since I can remember. We always called him uncle dave, I'm not real sure where he came from but I just knew he belonged there with us. He traveled with us across the states weather to move homes or working to support ours. He was like a bonus dad and I love him so much. Things that remind me of him are the fireworks that have been going on all week. 4th of July was his Christmas. Sooners because we are rivals af and pancakes. He used to make us stacks when we were kids. I'm 23 now and I haven't seen him a few years now. Longest we've been apart. I'll carry him with me forever. I love you Dave and I miss you so much please watch over me and guide me*
