“ David was in my Algebra 2 class and we hung out after school sometimes. He was always fun to be around.

“ I met Dave when he became employed at Animal Rescue of Bartlesville. I met him the first day he started work and he was so excited to be there and to love on the animals!! he was always smiling and telling me wonderful stories about the different animals when I arrived. He often clocked out from his job there, but stayed on to be with the animals a little longer. I did not know him outside of ARF but I know he was a loving human being with a compassion for the underdog. I also know he loved his family very much and also his pets! I was so shocked when he did not show up for work one morning and couldn't imagine what it happened to him because he was always there! I give my heartfelt sympathies to his family and know he is sitting at the hand of Jesus!
