“ *Donny & Larry were our neighbors in Bartlesville. Sometimes we would babysit their Cocker Spaniel Sandy. My son and I would put Sandy in his high chair with a bib. Whenever one of the boys came home from work, we would open the door and Sandy would run home. One day I forgot to take the bib off and one of them came back with the bib and said, I think this belongs to you. When they moved they gave Sandy to us. We loved her. Another memory both boys worked at Ray's Thrifty Wise. Sometimes when they were stocking groceries, and weren't around, I would move the cart to a different aisle. Fond memories for me of both Donny & Larry!*

“ *Donnie was my neighbor and my friend for the last 16 years. He moved away to go back to bartlesville to be with his family, there is a saying "you never miss a good thing til its gone" I've missed him ever since he moved and now he's moved again he will be missed because he was a "good thing"*

“ Besides church youth activities, I remember some good times playing ice hockey with Donnie and Larry and my son Billy on their pond when it froze. They were good kids and competitive. God bless you all, Bill Mieir, Minister
