“ *I have some good memories of visiting Aunt Donna Dee and Uncle Lewis in Bartlesville at their house during the summer. She taught me how to make Dill Bread and pie crusts. One time she helped me make cookies for my brother Lance without the chocolate chips because he had an allergy and Billy came home and ate them all! I remember being very mad at him, now it is very funny. I also have really good memories of their cabin on Sunset Lake. We visited often on 4th of July and had great times having pop bottle rocket fights on the dock with our cousins, hunting lizards, and sleeping on the screened in porch. Donna Dee always had great breakfasts in the morning. I am a good baker because of her, and my family is very grateful! It was a pleasure knowing her.*
