“ *Oh how I adored you my precious cousin; I felt like you were a very special gift when your parents brought you home from the hospital! And you were always the best gift ever; you had a smile that could make storm clouds leave. Any who were privileged to know you personally will cherish their time spent in your presence. I know you will be there to welcome me when it's my time to leave this earth. Love is forever! Ruby June Olds Colin.*

May God and all of your Angels continue to embrace, strengthen, and camp around you and your family during this time of grief....Always know that to be absent from the body is to become present in the spirit. Keep her close in the mind's heart and spirit of each one of you, you will feel and hear mama...Believe. God Bless Rennie
