“My family first started going to Eddie for haircuts nearly 20 years ago, when I was just in junior high. As he did with so many others, we quickly became good friends, and our whole family loved him.

In my 20's when I moved away from home, Eddie would always ask my parents how I was doing. He had become like family in that way. One of those summers, while I was living in Texas, Eddie had made a trip to Austin. While he was there, he made a point of calling me and driving to meet me for dinner. It was a very difficult time in my life, and seeing such a friendly face from home meant the world to me.

Eddie will be greatly missed, and I consider myself truly blessed to be one of the many lives he touched.

“ Dear Laura, April & Trip,

I was so shocked and saddened to hear of Eddie's death. I am so sorry that I missed the memorial services as I only found out about his death last night.

I can't help thinking that Janet was there to greet him when he stepped out of this life into the next...

I also believe that what awaited him on the other side was a beautiful experience, full of love and light & free from pain and all our earthly trials and tribulations.

However, having gone through this myself only 6 months ago, I know that people's words sometimes feel "empty" and don't really help when you are struggling with such a tremendous loss. However, it did help me knowing that people cared about Janet and what her family was going through. Please know that I care very much and my thoughts and prayers are with you.

“ Oh what to say, I remember when his mom moved next door to us, then he and his family moved in on the other side. Eddie cut my hair since I was fourteen, right after he set up shop in Bville. He did my hair for my Senior Pictures and even my wedding. He was the only one who cut my childrens hair until he was no longer able to when he first became ill. I remember both shops. The hair show conversations and so much more. He was truly a professional and really took care of his customers as proved when he would pull out their file when you walked in. I must say my mine and my childrens hair have been a mess since we haven't been able to come up there since he first got sick. I could go on for ever with the memories including his love for plants and his old greenhouse and that it was just more than a professional relationship, but of neighbor and friend who even would cut my Aunts hair when she came up from Georgia and many other friends and family. God Bless you Laura, Trip, and April, your father has left a true legacy and a void that know one else can fill. Prayers with all.

“ Eddie has put up with me for over 25 years. ("I want my hair short." "No, now I want to grow it out." "Can we do something new?") He was always very patient with me. He was more than just someone who cut my hair. He was a friend. I loved to hear him talk about his family. You can tell he was always so proud of them. Laura, he treasured you so much! We had some spiritual conversations as well...especially during the past couple of years. That is one of the main reasons I kept coming to him. I truly cared about him and his life. Eddie, you will be greatly missed! Thank you for teaching me the value in caring for others! ~Melissa Smith
