“ *I worked with Ed for five days a week, for six months. Every day he came to work with a smile and spoke about his love for his family. He was gentle, yet he had a sharp wit, and he was an excellent listener. He had the heart of a servant. I will miss him.*

“ As many of you from NY know Eddie and I were inseparable as teenagers and young adults. We were in each others wedding and truly loved spending time together. After his move to Oklahoma we kind of lost touch as our lives became involved with children, careers and other obligations. It saddens me so much that we let that happen and my only wish is that we both made more of an effort. As Frankie said "in his memory take time to love and cherish the people you have in your life each and every day as each day is a gift". I will miss you my cousin and I hope not to let someone who I was so close with slip out of my life again.

“ Ed was a great guy and a loyal friend. He will be sorely missed. Had some great fantasy football times. He "saved" Marilyn's life when Ted was in the hospital in Tulsa for a month by sharing driving trips with Ray. She didn't feel she could drive then. He was as good hearted as they come. Miss you, Ed.

“ Ed was as large in stature as he was in spirit. Ed brought his New York values to Oklahoma. They were a sense of humor, a creativity of thought and a generosity of spirit which respected all bar none. I got to know Ed through Mardi Gras at Saint James which is now a primary fund raiser for Martha's Task. He employed his culinary skills to produce an authentic New Orleans jambayala and his engineering skills to erect many of the Mardi Gras sets we still display today.

*Blessings to you Ed for making life happier for all who crossed your path. I am glad to have shared part of life's journey with you.*

“ Ed was full of life and always quick with a joke or remark to make you laugh. He will be missed by many. Rest in Peace.

*My Friend, My Brother...Ed I miss you so much, I just can't believe you're not here, my heart aches...so many years here in New York and in Oklahoma, it didn't matter how many miles were in between or how long at a time we hadn't spoken, it was like yesterday when we did and when we did we could talk for hours and laugh just about anything. James was blessed to have visited you in Oklahoma many times, most recently this past March, Ed, You will always and forever be in our heart.s. Love you my Friend, Deb*
