“ *Beth was full of life and had a very spunky spirit. She loved who she loved and she disliked what she disliked. Either way you always knew where you stood with her. Growing up being forced to play school house, barbies(I had to be Ken all the time) and listen to non stop Elvis. Recently some fond memories where her and I getting to spend time together everyday. She was always being silly trying to lighten the mood telling me something she had done. She was good at helping me not be so serious all the time. Im so grateful I was given that time with her and I will cherish it forever. Loving you from earth Beth give our loved ones a big hug n kiss. Always and forever my love. Sissy*
