“ *I cannot express in words how sad this makes me , we were friends since grade school, we spent a lot of time together as kids and adults, we worked together for many years. Everett was the kind of friend everyone wants to have. When I was in Bartlesville we would have lunch and no matter what was troubling Everett you could never tell it. He acted like he didn't have a problem of any kind because he always had a big smile and some kind words to say and never complained about anything. He was so proud of his family, he would tell me about the little things that made him happy and would just smile, just like in the picture.*

*You will be missed by more people than you could ever imagine. I feel so grateful and blessed to have had him as a friend, RIP my friend!*

“ Praise the Lord that we were able to meet you. We met at Makaela's Graduation Party. We fell in love with you. Cheryl and your family. We especially love Dalton your Son as he married our Granddaughter Makaela. I am so glad that we will be able to meet you in Heaven. We will love and keep your family in our prayers. I know you are up there walking the streets of gold and free of all the pain you have endured. We don't know why some are healed but God must have needed you. We will always remember you and that smile. You were such a sweet person.

“ Everett was such a smiling and upbeat young man. He serviced the copiers at COP that I was in charge of. Even though he had the medical problem he was still always smiling and just so thankful to still be working and all. He will be missed by many people that is for sure. The picture here is how I remember him when I first met him I did run into him couple times after I retired and he said he was still hanging in on the fight. My prayers and sympathy goes to all of you he was a wonderful young man that will be missed by al of you.

My sincere sympathy

“ *Everett, I will miss you dearly and I will always cherish our friendship from work, including our fondness for old cars & car shows. I remember the day you said "...there is this purple Hudson that is awesome..." and I said "oh my goodness, that's my Dad's car"....then I said "now I guess we're related since you and my Dad know each other...we laughed from then on about that! Believing God will comfort you and your family!! Jina & my Dad (Bob).*

“ I've worked with Everett for many years. He was always very willing to take my phone calls and help me out. I really appreciated his positive attitude, and I was amazed at his work ethic when he came back to work so soon after his initial treatment years ago. He was one of the best. I'll miss him dearly.
