“ *Mr Jack was one of my teachers in Bartlesville. He was thee most influential teachers in my life. We butted heads more than once and I did pay the price. With the board! As life goes we lost contact. When I moved to copan we met up again. Several years of having breakfast at the company restaurant with his brother Carl. He always had a smile and always something good to say. He definitely made his mark on a many young men in his teachings. Thank you Mr Jack!*

“ *Mr. Jack was a very inspirational teacher and wonderful person. I was in his metal shop class in Jr. High and made many interesting things, some of which I still have. I shared an image of the address sign I made for my parents house in his class. Today it hangs in my garage as a memory of times past. He will be missed.*
