“ *We made contact with Podge in April last year and started plans for a pavilion in our back yard. Podge and his nephew Jack worked most of last summer building it for us. Podge will always be remembered for his hard work and great friendship. We will have such fond memories of him every time we step into the yard. Our beautiful pavilion is just another example of his many accomplishments. It was a great honor just to know Podge and share our time together! - Rick and Dana Elkins*

“ Shawn & I are friends with Brian & Stacy and their families, it was through them that we got to meet Podge & Elaine. We got to visit with them several times and just fell in love with them. Podge put the finish on our cabinets in our new lake home and I can remember him working very hard to make them "perfect". They did have a couple of runs but nothing doing him but fix it and that he did. We have a part of Podge in our home but more than that we have Podge in our hearts. Podge, you were a good man and your memory will live on forever as just that. We will meet again my friend.
Elaine & family, We love you all very much and we are here if you need us for anything. God Bless you all.
