“ Very sad to hear of George's passing. We worked together at Phillips R&D. George was a professional in every sense of the word. Talented, kind, thoughtful, hard-working, dependable, he was all that and more. I know he loved fishing. He shared a story with me once about going out, alone, on his father-in-law's pontoon boat. He was ready to head back after fishing, but the motor wouldn't start. I have no idea how you paddle a pontoon boat by yourself, but George got it done. A man of grace and purpose. My condolences to his family.

“ So sorry to hear this, I worked with George for 20yrs. He had so much advice for me as a young one, told me many stories about how he got to okla, about the Bob cat at his mom's place of business, so many stories, and yes, the coffee was always ready. I think of you George everytime I come thru Nowata on my way back home. I always look at your house that Jeanie did all the rock work. Omgeeee I am so sorry... your friend Wanda Talley-Estes

“ George was always a pleasure to see and talk with. He did what needed to be done, and did it well, but didn't take himself too seriously. You will be missed. Rest In Peace, George.

Scott Love, co-worker - March 21, 2021 at 07:42 AM

“ RIP old friend !! We had a lot of good times growing up. See you on the other side.

“ I worked in same building and floor with George for many years. He was part of our "lunch bunch" where a small group of technicians would eat lunch together every day. He was a great person and always willing to help fellow technicians with anything they needed. I am sad about the news of this loss. He will be missed greatly.

“ *George was one of the best. Enjoyed my time working with him. Could always count on him and he got me through some difficult times. You knew that coffee was ready when you got in, because nobody beat him to the lab. Rest in peace brother. Joe Cross*
