“ Because George and I went to different elementary schools I didn't meet George until we were in junior high school. From that time on we worked on cars, later we double dated together which led to my marrying his middle sister Carrol and we've now been married 61 years. I never had a brother till George became my brother in law. What is best he became MY BROTHER in CHRIST!

“ My brother is the best brother there could ever be. We played together we watched cartoons and he and I laughed so hard when no one else did while we watched the cartoons. We had so much fun on the farm growing. When my sisters and I got older he protected us. He loved us, took care of us. When mom was in the hospital and daddy was with her, my younger sister Evelyn and I went down stairs and on the way back up the stairs we got scared (for no reason) and we ran up the stairs screaming. Our brother came running with the gun to protect us. Then we started laughing. I don't think he was happy with us.
I love you George and I will always miss you. I am thankful God made us brother and sister. You blessed my life so much. I'll see you in Heaven someday, when God calls me home.
