“ *On behalf of our family, we send our condolences to your family. She leaves us all with special memories that will be cherished for a lifetime. She was not only our friend but a cheerleader, a comfort, a voice of reason. She was LOVE and brought sunshine to all. She lit a room up wherever she went....I will miss hearing her say, "Oh Pamela!" with emphasis, when I was about to be schooled...lol...She was so interesting and intelligent but always down to earth. She celebrated life and accomplishments with everyone and with so much enthusiasm. She was a gift and a class act. Greta will be missed and thought of with the utmost respect by my family and anyone that had the honor of knowing her. She was our Angel on earth and now in the Heavens up above. R.I.P. our friend.*

“ Larry and Mindy, what a loss the King family have had. I always thought Greta Sue as the "Queen" of the King Family. She was so special and so giving to all. She was always sharing herself with others. She was the "core" that kept our families connected in her twice a year news letters regarding all of our families news in birthday's, weddings, parties, births and graduations and special awards our family received. She would keep all of our family informed of special events during the year. She was a great cousin, special friend and there are not enough words to explain how a great gift she was to our family. I will miss you so much Greta. Part of my heart will be empty with your passing. I love you cousin. Keith and I had some great times that we shared together in our visits and trips together. Our hearts are broken with your passing. But we are so blessed that your time spent with us was the "greatest". We love you Larry and Mindy, our prayers will be with you. God Bless  
Cousin Carol Jean and Keith
