“ Heaven took one of the great ones this week. I'm going to miss you terribly. I know you are in a much better place and are enjoying being free of the physical constraints of late. I'll miss our visits, checking progress of your newest project, the phone calls to see when I was coming to Bartlesville to fix something or show you something on the computer. You were always there for me and I'll always cherish every moment I spent with you. I thank God for bringing you into our lives. This world is a much better place since you were in it. We love you!
