“Hazel, From the first day I met you, sometime in 1995, you always welcomed me like part of the family and with open arms. I wish I would have told you how much I appreciated that. You had a smile that could light up a room, a sense of humor that was as big as the sky, and a heart of gold. I remember several times you and your older grandkids trading jokes. I assumed to see who would have the most shocking punch line. You definitely shocked us a few times! If it wasn't a joke then it was a really good birthday card that always seemed to put us in our place!

When you weren't making jokes, you were usually making sure we weren't hungry or sick or doing whatever else to make sure we were taken care of. Thank You. There are so many times I remember you telling us to go sit at the table cause dinner is done or you pulling that "big medical dictionary" off the shelf by the photo albums to see how to help us when we weren't feeling good.

Ok. So you didn't just live to take care of others. You and Bill took a lot of trips across the USA in the camper-going to places like Hershey, PA, Branson, MO, Gulfport, MS, and even up in the mountains of Colorado. Just after Gary and I got married we got to join you on a trip to see Pikes Peak in CO. That was so much fun getting to know my new in-laws and for them to share their love of travel with us. You also shared your love of crafting/sewing with me. I still have the crocheted Bride you made for our wedding shower. She sits and watches over us to this day. I was always fascinated by cross-stitch. I betcha you didn't know I tried to do that at one time too, after being inspired by watching you work countless hours on different projects. If you weren't working on cross-stitch, maybe you were painting or going shopping with one of your sisters or just having your weekly phone call with the Pawhuska crew.

Over the last twenty-eight years, you treated me like a daughter, were so excited when you got the news of two more grandkids (Corbin and Makenna) and helped keep your son in line. Again, thank you.

I hope everyone doesn't get me wrong. You were also stubborn as they come and could raise hell if someone got on your bad side. I learned a lot, just from hearing the tales, that I should always stay

*on your good side.
In closing, I just want to say that I'm glad you were my mother-in-law. I could not have asked for a better person to be in that role. I will miss you dearly.*
