“ You were an amazing woman and loved with all your heart. Every time I would walk into Homeland I would scan around looking for you., enjoying our talks bc you always had the best advice. I know that your watching over all of us but the pain of not having your presence here on earth is painful. May you rest in peace Crazy Hazy. Lots of love to Racheal, Brandy, and all the grandbabies. Love you all

“ I had classes with Hazel in jr high! Absolutely loved her! She’s always held a special place in my heart! Both of our maiden names began with an “S”! So, our lockers were near each other!

“ *I met Hazle around 1982 or 83 and remained friends since then. I will miss her matter of fact way of explaining things and her openness. I will see you soon, and say Hi to Brenda.*

*I meet Hazle several years ago when I was sent to help her with her store (Pizza Hut). We became very good friends very fast working together. We have stayed best friends all these years. I loved Hazle as a Best friend, and sister. We talked on the phone often about going on a cruise or trip someday. I will miss you my dear friend, but we will see each other again when I go to Heaven.*
