“ Uncle Jim, you were a literal and figurative giant in my life. At 6'10" and with your athletic accomplishments, you were always bigger than life but the way you lived your life was even larger in stature than your physical size and accomplishments. You were always a solid bedrock of an example of what a Catholic, Christian, family man should be and an exemplary community citizen who strived to do what was right and to speak only positive, never negative things about anyone. Many in the world today could learn from your life. You have been and will continue to be my role model, my family hero and someone who has had a tremendous positive impact on me in so many ways - more than you will ever know.

There is no doubt where you are now and we ask that you save a place for us, we will look forward to seeing you, enjoying your easy going personality, sense of humor and playing some basketball while we watch you continue to drain those 25-30 foot shots without missing. We love you and are blessed that you have been and will continue to be a part of our lives. We will always love you.

Your Nephew,
Steve
