“ I'm going to miss you JW. You always had a great story or a joke to tell. Will miss you coming to Nebraska to hunt the illusive Nebraska pheasant. Although if I remember right you were able to find a few. This would have been a good year as I've seen more pheasants in the last couple of years than I have in a long time. I'm sure you and your hunting dogs are hard at in the fields of heaven. Going to miss the pictures of your woodworking projects. You did awesome work.  
Not goodbye but later,  
Jan
