“ I have thought of him often but just found out he passed. He was such a wonderful loving man. I was blessed to know him as a patient as well as professionally. I will always remember his lyrical pronunciation of my name as he greeted me with a kiss on the cheek me with a kiss on the cheek. May God bless his family.

“ Dr Young was my doctor for several years when I lived in the Bartlesville area. I had never had a doctor that actually took the time to listen and spend so much time with me!! He was an amazing man and so kind and caring!! I will forever be grateful for him!!

“ I had the pleasure of spending a week with Dr. Young a few years ago when we went on a mission trip to the Dream Center in Los Angeles. We had many conversations and fun times on that trip. I will always remember this because I was so in awe after listening to his stories and experiences shared.

He will truly be missed.

*Until we meet again Dr. Young
Love ya brother.*
