“ Janet I'm sorry. You will always and I mean always hold a spot in my heart. What I did was rude and disrespectful to you and I know it was very wrong.... again I'm sorry momma, I did the very best I could for you, for as long as I could and now that it's over my heart hurts for you and I know that you understood the whys. Now all I have is memories.... I loved you and I know you knew that

Well it's almost 3 years since you left. I still think of you a lot and I mean a lot. The memories we made can never be forgotten. I know in my heart that your heart understands and that helps, but it doesn't stop missing you. You gave me something that no one can take and that's you. No matter what, you were mine and I was yours and that love was greater than any drama told. I love you. Your birthday is coming up....Steak Time. Damn babe.....
