“ *Roger Haney:*

I was so sorry to hear about my friend Jerry Mullikin's passing. We grew up together in Tulsa, and went to same Grade School, Junior High and High School. We were best friends in High School, and remained close friends until we got married and started our own families. He and I did a lot of fun things along with our friends - Dan Karr, Richard Hamby and Ernie Freeman. I consider my pal Jerry a lifelong friend that I will always remember in my heart.

“ A good and respected friend, Rest in Peace.
Jerry was also one of the most preceptive of friends - he actually
listened to people - thought about and cared their life situation. He
will forever be missed.
My condolences to his family and his many other friends.
