“ *JoAnn and I used to visit a lot, about so many things but mostly about our kids. I remember many days just drinking a cup of coffee and talking and talking. We had so many great conversations and laughed a lot. She enjoyed life!*

“ *I always enjoyed talking to JoAnn. She enjoyed life and was a wonderful mother and friend. I remember how she loved cats and would go to cat shows. JoAnn loved animals and was extremely knowledgeable about them. She once said she wanted to be a zoologist.*
