*I have so many wonderful memories of times spent with Judy throughout the years. Our families spent so many days together while we were growing up, I regret that we let our lives get in the way of spending more time together as we got older. I am so thankful that I did get to visit with my cousin shortly before she passed; we spent a long time reminiscing about family and all the fun times we had when we were younger. Judy will be missed by many, and will remain in our thoughts and hearts.*
