“ *I remember Judy being present at almost all family events involving my grandparents George and Grace Whitley. She was always quite the character and as a child she pinched my cheeks a LOT, it drove me crazy then but it's a fun memory that I have of her now. And that is how she should be remembered, Judy was a fun, vibrant and loveable lady. I think my son would have really enjoyed meeting her because of her big personality (and he would have tolerated the cheek pinching better than his Mama too), I regret that he never had that opportunity. I know she would make time to be here, as she always did, and I wish that I had the same luxury of coming to say goodbye to her.*

“ I will miss Judy so much. She was a wonderful cousin and friend. I wanted so much to come to her services but health issues kept me home. I will be thinking about her. Our Lord got a good person when Judy came home to be with him. She will truly be missed here.
