“ *Kenny, I will never forget how good you were to us when we were kids, especially to my brother. I believe he thought of you as HIS older brother. He always remembered you and asked about you often. He was probably ecstatic to greet you at the door and see you again to catch up on old times. Give my love to him and the rest of our family there. We will see you soon. I love you and miss you.*

“ Finding Kenny was one of my life long dreams. I always thought I would have more time with him and that is my only regret. So glad to have a big brother who was as ornery as I am.
