“ I met Ken and Nina many years ago threw a then family member. Bane was Mabe 2 years old?. It's wasn't until much later I got to meet their lovely daughter Chloe my heart goes out to the children! Nina there are no words and my heart is just absolutely broken for you and the family. Ken was a wonderful family man and took very good care of his family he love them so much, he was a good friend to many including me. He had to drive by my house to work everyday and if I happen to have my hood up on my car or I was outside he would always stop and check and make sure everything was okay. He was just that kinda guy. It was always such a pleasure to run into them at Walmart we would push our buggies to the side and we would have a very nice visit The world is as much sadder place now that this wonderful man has been taken away so suddenly. I'm still in shock and can't really believe it myself. So Nina just know that my heart is with you I'm thinking of you all. I will be in touch at some point. Please know I'm keeping a candle lit for your family. Love you all so much.
