“ Laken you will be missed so much! You were my first friend in school, I remember riding around all the time listing to music and talking for hours on end. Mostly me talking and rambling on. I don't know how you put up with it. Lol You were truly a blessing a lot of my life. I'm really going to miss you. I could call you anytime and you would always give advice that's how caring you are I have always cherished you as a friend because you don't find people as caring as you are. I love you so much.
