“ Your presence will be deeply missed. You were a good part of helping TASM grow and expand to where it is now. I will always remember the first day you walked into TASM, you had that cute smile and energy bouncing all around you ready to start a new adventure in your life. You took Charlette and I under your wings and were there when we needed advice. We all worked so well together. So many memories to cherish because you made it happen. Good bye my friend.
