“ *Laura I'll miss you so much. You were a loving mother and devoted to your family. We were all always so proud of you. We love you and will always remember you. Thank you for being there for me, I wish I could have been in your life more. I wish I could have been there for you more like you were there for us. You were so kind honey. I want to build a relationship with my nephews, so that I can be a part of their lives. The family is working on a celebration of life for you sister. Rest in peace sweet sister.*

“ Dearest Laura,

I'm still reeling from the devastating news of your passing. My heart aches as I reflect on the countless mornings we shared, sitting together in comfortable silence at DSR, and engaging in meaningful conversations that nourished my soul. Our friendship, forged in those early hours, transcended time and circumstance, remaining a constant source of comfort and joy.

Even after our paths diverged professionally, our bond remained. I cherish the memories of our impromptu phone calls, where you'd reassure me with your characteristic warmth you were thriving even with challenges and always encouraged me when I was struggling to keep pushing forward. I will miss them dearly.

As I mourn your loss, my thoughts are with your beloved boys, who were the epicenter of your universe. I can only imagine the depth of their sorrow, and I pray that they find solace in the memories of your unwavering love and devotion.

Your departure leaves an unfillable void in my life, Laura. Your smile, your laughter, and your generous spirit were a gift to all who knew you. Though you may be gone, your love for the people who knew you will continue to inspire all of us, especially on our rough days. You will forever be in my heart, dear friend. Rest in peace, dear one.
