“ *Leon has a special place in our hearts. He was a second dad to my husband, Philip, when he was growing up a she spent a lot of time at the Owens' home. Leon was another grandpa to our son, Bobby, when he was going there for daycare. He always had a story to share about one of the kids or grandkids that he usually ended in a chuckle and grin. I'm going to miss hearing that chuckle and hearing him say "hello, come on in" whenever we would go by to see him and Naomi.*

*He was a great man and true gentleman. Always made me feel very welcome at their house when I would go over there to help Phillip work on something or to head out to Tech whatever it was he and I would have a great long or short conversation. He has left behind a great family and friends. God Bless and we will talk again in a better place.*

*From early childhood, my cousins and I have had many blessings, one of which was our family. May Leon's family continue their closeness to each other and may it bless them greatly. Leon and I were close from early childhood. We played together as often as we could - all of us cousins.*
